## Protecting the Path to Practice

With the Med Plus Advantage (MPA) program, tomorrow's physicians can tap into the collective power of the profession today — receiving Student and Resident Group Long Term Disability Income, Term Life, and Accidental Death & Dismemberment coverage all the way along the educational track.

Whether your path in medicine is set or you're still weighing your options, AMA is your ally, ready to help so you can make informed, confident decisions.

### Program Highlights:

**OUR ORIGIN:** The MPA program was created in 1992 after student and resident AMA members voiced their concern to the AMA through a House of Delegates Resolution that existing disability income coverage fell short due to the unique dynamics associated with medical education.

**INDUSTRY LEADER** – Today, roughly one in three medical students is covered by the program.

**SINGULAR FOCUS** – Med Plus Advantage was designed for – and is solely focused on – the needs of medical/allied health students and residents, resulting in the coverage you need.

**DETAILED COMMUNICATORS** – Simplifies medical/allied health student and resident access to program benefits via social media and the Med Plus Advantage website.

**CUSTOMER SERVICE** – Direct access to Med Plus Advantage staff to assist policyholder with administrative and claim processes to help ensure needs are met.

**VALUABLE BENEFITS** – Includes Group Long-Term Disability Income, Term Life and Accidental Death & Dismemberment coverage. Other benefits include \$225,000 Student Loan Payoff Benefit, Own Occupation definition for group insurance plan, and much more.

**NATIONAL STRENGTH** – MPA taps into the collective strength of 1,000,000 U.S. physicians to deliver competitive rates and unique coverage specifically for medical/allied health students and residents.

**STRONG PARTNERS** – Including Standard Life Insurance Company, International Medical Group, Inc.
